

THE GREAT

**TEXAS**

PHONE BOOK  
ROUND UP

---

## What

Donate your old & new Texas telephone directories to help us fill the gaps in our collection.

## Why

We collect phone books from all over Texas to help people locate information, past and present.

## Which ones?

We need books from all over Texas – especially from smaller towns. If you've got some sitting around that you no longer need, we'd love to have them! Or, if you travel around the state, collect them from your family and friends.

Please note that although we do **not** need directories for Dallas or Fort Worth, we would be happy to have more suburban or neighborhood directories (ie: Park Cities, Arlington, Dallas North, etc.).

Check our online listing to see if your donation could help us close a gap:

## How

Get your phone books to us three different ways:

- Drop them off at your local Dallas Public Library branch and ask the librarian to ship them to the Texas History Division
- Deliver them by hand to the Texas History Division during our open hours (address below)
- Mail them to us (address below)
